

ULTRAMAX C

Technical Data

ULTRAMAX C is a PVC coated fabric for awning, tent and similar applications. It utilises a special spun yarn in the base cloth to give excellent flexibility and ease of handling. The fabric top surface has a special fluorine lacquer for added long term dirt resistance. ULTRAMAX C has additional coating thickness allowing a 10 year warranty to be offered.

Base Fabric	Polyester – woven spun yarn
Coating	PVC with Fluorine Lacquer top coat and Acrylic Lacquer underside
Weight (g/m²)	680
Thickness (mm)	0.55
Tensile Strength (N/50mm)	2600 x 2200
Elongation (%)	25 x 30
Tear Strength (N)	137 x 147
Fungal Resistance	Treated
Antiwick	Yes
Fire Retardant	Yes
UV Warranty*	10 year pro rata available
Roll Size (m)	2.03 or 1.03 x 50
Colour	Various

The above results are typical averages taken from quality assurance testing. Product technical data are subject to change without notice. *for further details see separate warranty statement.
