

Hiraoka 106T Product Profile

Hiraoka 106T is a high-quality fabric designed for long term architectural structures. It has Hiraoka's PVDF top surface to provide excellent dirt and weathering resistance. The under surface has an acrylic lacquer. 106T has an exceptional strength to weight ratio. It has a 10 year pro rata warranty against UV degradation. Please refer to separate warranty statement.

Property	106T
Colour	White, Light Grey, Dark Grey, Cream, Putty, Sand. Other colours subject to run length.
Width (m)	2.04
Roll Length (m)	50
Unit Mass (gsm)	715
Thickness (mm)	0.6
Tensile Strength (N/50mm)	3850 x 3650
Tear Strength (N)	450 x 435
Coating Adhesion (N/50mm)	100
Light Transmission (white)	9%
Antiwicking	Yes
Fungal Resistance	Treated
Fire retardant	Yes, AS1530.2, AS1530.3 Results available upon request
UV Resistance	Yes, 10 year pro rata warranty

The above results are typical averages taken from quality assurance testing. Product profiles are subject to change without notice.
